For purposes of developing the salary schedule for the 2016-17 school year, the base salary (BA I, Step 3) of the 2015-16 school year will be increased by 1/5 (20%) of the average of the Consumer Price Indices established for the Property Tax Extension Limitation Law purposes for the respective fiscal year. The Longevity Step is calculated by increasing Step 23 of the same lane by the average of the Consumer Price Indices, but will never be less than the Longevity Step in the prior year.
