After submission of the bid proposal, no complaint or claim that there was any misunderstanding in regard to items listed for bidding will be entertained. Oral explanations or representations will not be binding.
4. Each bid must be accompanied by a bid bond, certified check or bank draft made payable to the order of Batavia Public Schools in the amount equal to \$50,000 as a guarantee that if the contract is awarded, the bidder will execute the contract, furnish the required performance bond and furnish the services specified. Should the bidder fail or neglect to furnish a satisfactory performance bond or refuse to sign the contract on the basis of this bid or fail to meet the requirements or specifications, the bid bond, certified check or bank draft shall be forfeited as liquidated damages. It is the intention of the Board of Education to award the contract to the lowest responsible bidder best meeting the requirements of the Board of Education. The Board of Education hereby reserves the right to accept or reject any or all bids for any reason without recourse or to make the award, if at all, in such a manner as the Board of Education may deem right and proper for the best interest for the District.
6. Bids will only be accepted from general contractors bidding on the entire contract. Split proposals or multiple contracts will not be accepted.

7. The Board of Education reserves the right to hold all bids for a period of ninety (90) days after the date of the bid opening, and the bidder shall not withdraw his bid during the said ninety (90) day period. All bids shall be deemed final, conclusive, and irrevocable, and once opened, no bid shall be subject to correction or amendment for any error or miscalculation. No bid shall be withdrawn without the consent of the Board after the scheduled closing time for the reception of the bids. All bids submitted must be valid for a minimum period of ninety (90) days after the date established for the bid opening.

15. The District reserves the right to consider alternate bids when determining the lowest bidder and/or awarding the bid. Alternate bids will be considered only secondary to the contract specifications. Any alternate bids submitted must be thoroughly detailed to merit consideration.
16. While the dollar amount of the bid and the financial responsibility of the bidder are significant criteria in determining the successful bidder, the Board is equally concerned with the ability of the bidder to satisfactorily perform this contract to the standards established by the District. To that end, as part of its bid proposal, each bidder must meet with District personnel for a scope review to establish that all necessary components of scope of work are covered in the proposal.
