

Exhibit D

Use of Athletic Fields / Outside Facilities

General Conditions – Outside Facilities

Contracts may be issued to groups for organized activities during specific recreation seasons. Separate Intergovernmental Agreements may be in force with the Park District for the specific use of certain fields during specified hours. In addition, annual contracts for baseball, football and soccer fields may be issued to organized sports leagues when fields or times do not conflict with District programs or commitments under an Intergovernmental Agreement.

Priority in scheduling fields by the Site Administrator shall be given to the Park District and leagues which have scheduled and used the same fields in previous years.

Use of District field facilities is subject to a per participant fee to offset the costs of maintaining the fields. However, if inside building facilities are requested by these groups, a separate contract must be written, and the fee schedule for such contracts will be applicable as set forth in other sections of these procedure.

Authorized users will be issued a permit signed by the Director of Buildings and Grounds. This permit must be in the possession of the authorized adult in charge of the respective activity at all times. **Groups or individuals who do not have a signed permit will not be permitted to use school facilities at any time.**
