Brick Safari features more than 40 life-size animal sculptures created from millions of individual colored LEGO® bricks! The menagerie of animals will be located along a winding, wooded pathway on the east side of the park, and many of the sculptures are based on some Brookfield Zoo favorites, such as the lion, giraffe, snow leopard, and pangolin.

# READING YOUR WAY AROUND THE ZOO

At Brookfield Zoo, we know your zoo map can be an important part of your visit. Here's a fun new way to use a zoo map: transform it into a **reader map** and view Brookfield Zoo through books!

Listed here are some books that feature lots of animals. The animals from these stories are marked on the reader map we created (found on the next page). Now, you can find your favorite storybook animals throughout the zoo!

*Are there more animals from these books that you can find at the zoo?*

**HAVE ANOTHER BOOK IN MIND?**  
Make your own reader map!

You will need:

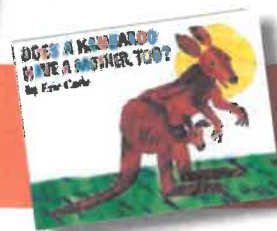

- A Brookfield Zoo **visitor map**.
- A **story book** with animals in it (use one of your favorites or check out a new book from the local library).

Using **stickers** or **crayons**, mark the map with where the story's animals are found. Then, go find them!
