Screenings are by Appointment
Please call (630) 937-8000

Free service for families living within BPS101 boundaries!

During the preschool years parents often wonder if their child's development is typical to that seen in same age peers. Developmental screenings are designed to address those concerns and help parents learn more about their child's skills. The screenings are conducted by a team of District Educators and Specialists and will assess your child's development in the following areas:

- 1. Communication**
- 2. Gross Motor**
- 3. Fine Motor**
- 4. Problem-solving**
- 5. Personal-social**

The screening will take approximately one hour. Afterwards, you will have an opportunity to discuss the results and any concerns you may have.
