Dear D101 Parents,

On August 23, 2019, Governor Pritzker signed into law HB 3586. This legislation ensures a copy of your child's related service log is provided at each Annual Review or upon your request. Related service(s) include: Social Work, Speech Language Therapy, Occupational Therapy, Physical Therapy, School Psychology and Orientation and Mobility delivered in the school setting. Related service logs will include the date service provided, type of service (direct or consultative), and amount of time service provided.

If you have any questions about the implementation of HB 3586 in Batavia School District 101, please contact me directly.

Sincerely,
