 Mar 10, 2022

Task# 2 Surprises, Concerns, Key Questions

Table #2

Biggest Surprise	A lot of questions for architectural design an ADA
Biggest Concern	Concerns about declining enrollment, cost of living and taxes in Batavia
What, if any, additional considerations would you like addressed?	Need to have places to put things. We'd like to see teacher input on this.

Table #3

Biggest Surprise	No concrete breakdown of costs or timeline
Biggest Concern	No concrete breakdown of costs or timeline
What, if any, additional considerations would you like addressed?	Concrete breakdown of costs and timeline: what exactly is to be done and in what order? General ballpark #s: HVAC replacement vs. new, plumbing, kitchen, etc. Inflation expectations? Buffers? WE WANT NUMBERS!

Table #4

Biggest Surprise	What is the purpose of the tasks? We are assuming that \$\$\$ is Option C
Biggest Concern	Safety
What, if any, additional considerations would you like addressed?	Your cost estimate takes in consideration the (cannot decipher word)? How to measure the \$ to this project

Table #5

Biggest Surprise	Wasn't aware that there was as much technological needs
Biggest Concern	Costs of certain items (\$ vs. \$\$\$). Voters unknowledgeable about all the options s they will only see one on the ballot
What, if any, additional considerations would you like addressed?	The educational aspect of some of these items seems to be more of a curriculum facet rather than something that is needed in the initial building costs.

Table #6

Biggest Surprise	Travel time and line of sight concerns
Biggest Concern	Should we shrink by one school? Everything being important. \$ in each category drive the vote devil in the details
What, if any, additional considerations would you like addressed?	blank
