

SPRING/SUMMER 2022

GREAT THINGS TO DO @ BROOKFIELD ZOO

Chicago Zoological Society

ICE AGE GIANTS

April 1 to October 30

During the last major ice age, which peaked about 20,000 years ago, our human ancestors lived alongside enormous animals that had made Earth their home for millions of years. They died off in a mass extinction about 10,000 years ago.

This summer, Brookfield Zoo and Dino Don Inc. are unleashing more than 20 life-sized, animatronic replicas of giants that roamed North and South America and Eurasia during the last ice age.

Some of the giants you'll see during your visit:

- Mastodon (18 feet long)
- Giant ground sloth (20 feet long)
- Short-faced bear (11 feet long)
- Saber-toothed cat (5 feet long)
- Woolly mammoth (15 feet tall)
- Giant rodent (10 feet long)
- Giant ape (10 feet tall)
- Giant bird (12 feet tall)

FREE with your general admission!
