

Attention Parents of Students Entering 12th Grade August 2022

MENINGOCOCCAL IMMUNIZATION (MCV4) REQUIREMENT 2022-2023

Students entering grade 12 in the State of Illinois must be immunized for Meningitis. The immunization requirement consists of one dose of the Meningococcal Immunization after the age of 16 years prior to entry into 12th grade.

Proof of receiving the MCV4 vaccination(s) is required prior to the first day of school. According to BPS101 policy, students without proof of receiving the MCV4 vaccination will be excluded from school. The only exceptions are students with an approved medical or religious exemption on file with the school nurse.

Verification of immunization must be submitted to the school nurse prior to the first day of school.

Student Name _____ Grade _____

Date of Birth _____ Age _____

Date(s) of Meningitis Vaccines: 1). _____ 2). _____

Type of Immunization: _____ Menactra /Menveo (MCV4) _____ Menomune (MPSV4)

If the student is medical exempt from this immunization, a healthcare provider's note must be provided indicating the reason for the medical exemption as well as indicating if the exemption is TEMPORARY or PERMANENT. Healthcare provider notes must include the healthcare provider signature, address and be dated. All temporary exemptions must specify the time frame of the temporary exemption.
