**“Cultivating Connection and Lifelong Learning:
Unlocking the Power of Daily Attendance”**

Presented by: Catherine Murray BPS #101 Behavior Manager

Imagine this: just two missed school days a month could set your child back in ways that are hard to catch up on. But there's good news—families, students and BPS101 have the power to change that! Join us for a workshop where you'll discover practical ways to make school mornings smoother, tackle attendance hurdles, and build a strong partnership with BPS101. Let's work together to make every day an opportunity for your child to shine—because their success starts with showing up!

***Intended audience - Any parent who has a child attending
Batavia School District #101, Early Childhood through High
School***
