MIRACLE DAY BLOOD DRIVE

BE SOMEONE'S MIRACLE

On 11/21/05, Amanda sustained a severe traumatic brain injury with less than a 5% chance of survival. She required multiple blood transfusions, surgery, and months of therapy. Miraculously, she recovered — and has since made it her mission to help save others. This year marks 21 years since that life-changing day. Please join her on 11/21/26 to celebrate this incredible milestone by donating blood and giving others the same second chance she received.

The distribution of this information and materials through the school district does not imply District 101 endorsement.
